

Support of Civitan Through This Project

Impacts Your Local Community and the WORLD COMMUNITY

A few of the needs met through this long-standing volunteer-serviced program:

Wheelchair ramps for the disabled

Scholarships for deserving community student leaders

Hosting Special Olympics games

Construction of community parks designed for use by those requiring handicapped accessibility

Creation of the Civitan International Research Center

The Civitan Box

IT BEGAN WITH A SINGLE MINT CANDY

PROVIDING HOPE SINCE 1976

Turn Mints into Miracles

Your donation supports medical research and local Civitan projects to help children with developmental disabilities. Children around the world get a second chance, thanks to the generosity of people like you.

THANK YOU!

Serviced by Civitan volunteers. All net proceeds go to help people with disabilities. For more info, visit www.Civitan.org.

ONE Box

Our story...

The Civitan Candy Box Project began in Louisville, Kentucky, and was immediately successful as it led to the construction of a \$1.1 million facility for the developmentally disabled.

As it was first envisioned, the project continues today with funding through the honor-system of taking a mint and leaving spare change to help support both local and international projects.

With over \$55 million raised through this project, the impact is becoming even greater as each year passes. The UAB Civitan International Research Center has expanded to 18 departments and 7 schools working collaboratively in many areas of research including Alzheimer's, Down Syndrome, Epilepsy, Autism, and the long-term efforts of concussions on the human brain. Please help us continue to improve the lives of millions worldwide!

Thank you for supporting your COMMUNITY and CIVITAN by allowing a volunteer to place a Candy or Coin Box in your business.

One **GIANT** Return on Your Investment

For each dollar given through the Civitan International grant, the (*) UAB Civitan International Research Center is able to secure federal, state, and other independent grants at a \$1 = \$75 ratio.

(*) *The University of Alabama at Birmingham*

Reflecting on the Past... Securing **Your** Future

Volunteers placing these boxes help to address the needs of your neighbors as proceeds are used to support the local community. After all expenses, the Candy Box Project also provides grant funding to support the \$20 million commitment to help fund the UAB Civitan International Research Center.

**Not a single person is paid to service these boxes!
Every Civitan is a VOLUNTEER,
offering their time free-of-charge.**

The Civitan **COIN BOX PROJECT** provides businesses with an alternate choice of helping Civitans and their communities.

The coin boxes are a depository for loose change left by patrons.

Just like the Candy Box Project, Civitan International also handles all expenses associated with the Coin Boxes.
