# What is an Associate Member?

The Associate Member program is one of the many ways Civitan International makes it possible for you to become or remain a part of our wonderful organization. The program is specifically designed for individuals who move to areas where there are no Civitan Clubs; those which experience family obligations or job demands which restrict community or club involvement or any number of other limiting circumstances an individual may experience. The program, however, is not designed to replace, affect or compete in any way with active club membership, since club involvement is the life line of our organization. Associate members are simply that; associated with a cause they believe in but are unable to actively participate in.

The Associate Membership costs \$36.00 a year and offers many benefits of membership. Although we do encourage you to attend, an Associate member has no voting rights at district or international convention.

Your Civitan World Headquarters staff is also here to serve you and provide you with any materials and answers to any questions you may have concerning the many programs that Civitan offers.

Being a part of Civitan International, whether through a club or the Associate membership will continue to keep you involved and informed of the many contributions Civitans are making around the world.
