

# Any College Campus Civitan

*The Vision of Campus Civitan is one of students with dynamic leadership and career skills facilitating sensitivity to human needs. Our members will serve our campuses and local communities while bridging the gap of cultural diversity among the citizens of our world. The organization's atmosphere of respect and acceptance among our peers will nurture the ideas and vision of each Campus Civitan member. Through exercising a healthy disregard for the impossible, our members' efforts will be limited only by how much we believe we can do. Our members will learn, lead, follow and give, while acting in the spirit of the Civitan Creed.*
